3rd Grade Class News

During the 1st Quarter we have been busy with writing Journals, doing various art projects, and learning through play on Friday Fun Day. Writing descriptive paragraphs has been our main focus in English. Using a variety of verbs, nouns, and adjectives throughout our writing is teaching us to write longer paragraphs. Art is also a very enjoyable subject as we emerge in drawing and painting.

Fall

In October it is my birthday and at my Aunt's house we celebrate Thanksgiving and Halloween. In September I paint pumpkins with my cousin. Now that it is fall, birds start to migrate and leaves change colors to red, green, brown, and yellow. Those are some pretty colors.

Fall

The leaves on the trees are beautiful because of the colors of the leaves. The colors are red, yellow, orange, and a little green. The weather gets really cold. During fall, it gets darker earlier just like extra dark chocolate. So when it gets cold the birds go south to the warmer places because the birds don't like the cold, they love the hot weather. In fall we celebrate Columbus Day, Halloween, and Thanksgiving. We carve pumpkins in October. The thing I like the most is Columbus Day because if he didn't find America we wouldn't be in such a pretty place. Halloween is

my least favorite because I get scared. Translators Day is also during fall. This is the day the Armenian letters were found.

September- Teddy Bear Day

My teddy bear is really sweet and cuddly. But he is armed for battle and ready for action. His name is Crystal Bear. He is named that because he has diamond armor. He is very strong. He also has diamond weapons. He has a diamond sword and a diamond pick axe. He is from the world of Minecraft. It is a very dangerous place, but he is very strong. That is why I love him.

September- Teddy Bear Day

My teddy bear is brown and has a red heart. He has red

paws. Whenever you press his red heart he says different words. When you press it says I love you, you are my best friend and you are the best person in the world. He is also the cutest teddy bear I have ever seen.

Fall

Fall has different color leaves. There are red, brown, yellow, and a little green. Fall is very nice because the weather is not too hot, but it is still a little cold. The colors are changing. The trees lose leaves. Fall is cold, but not too cold. In the mornings and nights it is cold, but in the afternoons it is a little hot.

Fall is when the birds migrate. They go to a warmer place because it gets cold in the fall. In fall it gets dark earlier like in summer it gets dark at 7:00pm to 8:00pm, but now it gets dark at 5:00pm to 6:00pm.

We also have Halloween in fall where you go trick-or-treating. We also celebrate Thanksgiving and we make jack-o-lanterns and celebrate Columbus Day and

Translator's Day.

Harvest Day Costume

My Harvest Day costume is going to be a unicorn. It is going to be a white t-shirt with blue, pink, purple, black, and some yellow. I'm going to use blue, pink, and purple for the unicorn stripes. The black for eye lashes. The yellow will be for my horn. For the pants or shorts I'm going to wear jeans.

By: Chloe Charkhedian

Fall

It is fall, the weather starts to get colder. That means you have to wear thicker clothes to not be chilly. If you look up in the sky you will see the birds migrating

so they can find warmer homes to live in. At school on the 31st of October we have a Harvest Fair. We have pumpkins and dress in different kinds of costumes. The leaves on the trees start to fall and change color to red, brown, yellow, or orange. Have a happy fall!!!

Fall

In fall we celebrate a lot of holidays. In fall leaves change colors and leaves fall down. You can jump in the leaves. My birthday is in fall. The weather in fall changes, it gets dark earlier. In fall birds go south so they can go somewhere warmer. We celebrate Thanksgiving, Halloween,

Columbus Day, and Translator's Day. We carve pumpkins and we put it outside of our house. The End.

Fall

In fall the leaves change colors and the trees don't have any leaves. The weather changes and it is very cold. Birds migrate, and go somewhere hot. It also gets dark early. Thanksgiving also comes in fall. In Thanksgiving we are thankful for what we have. Halloween is also in fall. We carve pumpkins and make them into jack-o-lanterns and there is also Columbus Day in fall. Uh, fall is so awesome.

Fall

Pumpkin spice
Pumpkins are nice
Fall is near
Fall is here
Fall is the best of all
And I get to go to the mall.
I love to eat turkey
But I hate beef jerky.
October, November, December
They are seasons to remember.
Everyone sheds a tear
because of their fear.
On Thanksgiving there is joy,
And every now and then
I get a toy.
Coco, tea, coffee I also
like toffee.
My favorite season is
near it is so dear.
By: Tina Garabedian

Fall

Fall, Fall, it's time for fall!
Pumpkins and scarecrows
all stand tall.
Cinnamon and spices
are included,
But Thanksgiving just
can't be excluded.
Pumpkin pies and apple
pies!
The seasons food fills
the room,
O look it's a harvest
moon.

Acorns and pine cones
decorated nice,
O look a jack o lantern
what a surprise!
Pumpkin, Cinnamon,
Seasonal lattes,
On this day we shall
pray.
Drop me off at the mall,
And I'll go on a shopping
haul.
Trick or Treat the kids
say,
But be careful the killer
will slay!
Mashed potatoes with
some gravy.
The mac n cheese is so
cheesy,
After this we have candy.
Snickers, Milky Ways,
and Toffee!

Fall

Pumpkins, leaves, turkeys,
and more
All give clues about holidays
in Fall
Raindrops, sweaters,
blankets, and sweats
I wear in Fall everyday.
Fall, Fall the cozy season,
I drink hot chocolate
when it rains in Fall.
Leaves change color and
fall off the trees.
I'll make pumpkin pie for
Halloween.
By: Mirey Mahserejian

Fall

Fall, Fall
We go to the mall
It's Halloween day
Let's go and pray
The scary clown
Had a very big frown
We play in the leaves
But there is a breeze
Thanksgiving is here
We all say cheers
By: Milya Minassian

Fall

Fall, fall
The kids call
They cheer for pumpkin
pie
The men put on their
ties
Thanksgiving, Halloween
All here for fun
Be grateful for thanksgiving
But give a scare for Halloween
Take a brake and sit
down
And enjoy the big feast
Acorns and leaves fall
from the trees
We go outside and see
the breeze
The smell of pumpkin
fills the room
We look outside at the
harvest moon
By: Anna Khroian

Fall

This is the season where
 pumpkins and leaves are
 colorful
 They are both beautiful too
 Halloween is coming it's
 time to get scared
 This is the season where
 we all get fear
 Apples and acorns on the
 floor
 The wind starts to roll and
 gets closer to your front
 door
 Pumpkin pie and soup is
 made
 The sun will start to fade
 away
 The days start getting
 colder
 While hay is stacked
 It's getting colder and hear
 the hissing sound
 We hide from the noise on
 top of the mound
 The smell of pie makes me
 happy all the time
 There is a breeze and the
 trees start moving
 We eat a yummy meal for
 a deal.

Fall

Fall, fall it's almost here
 Enjoy the season it is near
 Sweet scents of pie fill the
 room
 Many of the houses are
 decorated with toms
 Cinnamon and spices all
 included
 Thanksgiving just can't be
 excluded
 Acorns and pinecones
 decorated nice

OH look a jack-o-lantern
 decorated twice
 I made a pumpkin pie
 From the taste I'm going to
 die
 I look out the door and see
 a clown
 It had a very big frown
 Have a nice harvest
 Prepare for a scare
By: Nicole Bajakejian

“...The wind starts to roll

 Pumpkin pie and soup
 is made
 The sun will start to

Fall

It's Fall, it's Fall
 Joy to all!
 When all the leaves fall
 down.
 But best of all,
 There are pumpkins to
 stand tall,
 For Halloween is here to
 all.
 Thanksgiving is waiting for
 its day,
 For parents and kids to
 shout HOORAY!
 And lattes to get drunk,
 For song to get sung.
 And turkeys to be harmed,
 So we can feast and har-
 vest.
 And witches to fly around,

And zombies to come up
 from the ground.
 Love and joy to share,
 And have good looking
 hair.
 Oh, love and happiness,
 With fright and jolliness.
 Halloween and Thanksgiv-
 ing.
 Oh, and by the way,
 I'm counting Black Friday.
By: Lim Kalemkarian

Fall

Once again it's that time of
 year,
 When the wind starts
 blowing for all to hear.
 The leaves start falling to
 the ground,
 And the winds start to
 gust, round and round.
 But this season is not just
 cold nights,
 For during Halloween
 there's fear and frights!
 The scares all around,
 with ghosts and ghouls,
 But to get scared, you'd
 have to be fools.
 Then it ends and it's my
 birthday,
 And at the end of Novem-
 ber, we give thanks on that
 day.
