

## Sahag-Mesrob Armenian Pre-School May 2013 News

### A recap of our May activities...

- This past month, we explored concepts on the life cycle of plants and animals and how everything is constantly changing, including the seasons. We read stories about Spring, "Growing and changing", "Look, its Spring!" And "Chicka Chicka Boom Boom".
- We continued to learn lots of new letters, numbers and shapes.
- For shapes, we reviewed the arch and learned the diamond.
- For colors, we continued to celebrate Spring with beautiful purple.
- K2 and K3 focused on the numbers 1-10 and K3 numbers 1-15. Both groups reviewed the letters Aa - Oo.
- K4 reviewed the numbers 1-25 as well as the alphabet, phonics and 3 letter words.
- We also learned all about the story of Jonah & the Big Fish
